

Carolina's Early College

Our Legacy

The College, LLC, the Successor, Shaw College At Detroit sanctioned by Marc Stepp, UAW Advocate under the Leadership of Roy Shelton, PE, Ph.D. in alliance with more than 100 Engineers formerly associated with the Chrysler Corporation Highland Park MI, spearheaded the reorganization of the program known as "DAPCEP", and engineered, mastermind, and initiated 3 - D Design Concepts under the auspices of MeHarry College, LLC, School of Engineering; Research Development.

MeHarry College, LLC dedicated Faculty, organized and created an afterschool program, "The Kiddy College ' to serve the children of students enrolled and attending MeHarry College, LLC. While "Carolina's Early College", an Upper College Preparatory School served as the forerunner of the Historic Poly Gymnasium Preparatory Schools of the Lutheran Church.

The Kiddy College and DAPCEP initiatives introduced concepts of "S.T.E.M and Literacy" (Reading & Comprehension) as an extra curricula extension of MeHarry Allied Health Learning, Inc. which was organized in 1982.

Pursuant to Authority as granted by the U.S. Federal District Court MI; 1.9.1985, a Consortia was established *as an extension of MeHarry College, LLC* that comprised Marygrove College, and Lewis College of Business to create the College of Liberal Arts, School of Business, School of Nursing and Allied Health. The Leadership of Lawrence Tech actively participated in the Consortia to support organization of the School of Engineering as a Faculty of MeHarry College, LLC.

On November 5, 2003, in the State of Michigan, the Honorable Governor Jenifer Granholm issued an Executive Order sanctioning actualization of the Caroline Education Community International Public School Academy.

The Governor's Executive Order endorsed the organization of Caroline Education Community as a Public Charter School that advocated the introduction of Innovation Technological, as a provocative educational initiative within "Communities of Promise" in 18 Minority Communities throughout the state of Michigan.

Authorized, Caroline Education Community International Public School Academy (CECI PSA was Chartered in MI; 7.2.2003, featuring an elementary and secondary school, organized in response to the Mis-Education of K12 Minority Children enrolled, registered and attending Public Schools.

The school is named as a tribute to the Honorable Congresswoman Carolyn Cheeks Kilpatrick, and Carolyn Hatchett, Elder/Mother's Mission, Cathedral St. Augustine's.

MeHarry College, LLC is actualized as sanctioned by Authority of the Historic Great Lakes Lutheran Church University Education Charter; 1846. Caroline Education Community International Private School Academy is organized as sanctioned by the same inherent Authority, endowed as a Proprietary School Education Charter; 1892.

The elementary and secondary school actualized in tribute to the Historic *Polynomial* School initially organized by "the Other Rosa" who established more than 2,000 K-12 Schools throughout the Nation 1910 - 1912, including Michigan, Alabama, Mississippi, Missouri, Tennessee, New York, and Canada.

INNOVATION TECHNOLOGY COMMUNITIES

An Innovation Technology Consortia (ITC) as envisioned essentially shall provide support and facilitation for both staff and students, as well as the industry and public stakeholders.

Carolina's Early College, Advocating Fiber Build - 5G Network, and promoting entry level job skills diverse professional academic career studies featuring

- *Gig Technologies accessing MicroChips Act resources*
- *Ecosystem Immersion at its finest*
- *Nursing Education*
- *Allied Healthcare Education*
- *Mental Wellness Conservatory*

USA Stakeholders

NASA, MUSEUMS, NIH, AT&T, Samsugn, Google, and Microsoft. Harvard University LAS

- National Black Chamber
- US Congressional MicroChips Act
- NLM/NIH, USA - IOM/USA-UC
- USA's Legacy Institutions of Higher Ed
- Lee O. Cherry African Science Institutes
- USA's International Ministry of Education

USA Faculties: College of Medicine, School of Education, School of Law, School of Engineering, School of Liberal Arts, School of Music, School of Nursing, School of Health, and Mental Wealth, School of Business, School of Divinity, S.T.E.M. Institutes.

Innovations Envisioned

The main function of the Carolina's Early College initiative is to *commercialize* innovations, services, and technology from research activities in alliance with the University St. Augustine's; USA - College of Engineering Science, Research, Technology, and the USA - College of Agriculture Science, Research Technology.

Through this initiative, Caroline Education Community International School Academies has served to support the essential humanitarian needs of more than 1,000 Children *annually* since 2009; International Christian Academy, and Carolina's Early College (CEC).

Since 1992, all of the CEC schools aimed to provide underserved and marginalized K12 students access to "University Preparatory Academic Studies" comprising cutting edge entry level college classes while in high schools.

The dissemination of Instruction is achieved via state of the art Private Virtual Innovative Technology Broadcast Network (P-VBN) featuring synchronous, and asynchronous instruction.

Thus, actualizing concepts in Dual Studies; High School/College Education resulting in the K-12 Children empowered with the capacity to acquire a High School Diploma while earning either an Associate Degree, and/or College Transfer Credits.

This chronology will provide an overview of the first 20 years of the Caroline Education Community International's (CECIs), endeavors to expedite establishment of 50 syndicated "S.T.E.M and Literacy Institutes" Nationwide in alliance with the International Christian Academy ("ICA") featuring concepts of the "Innovation Technology Consortia".

In particular highlighting how participating Non-Traditional Education Institutes have implemented the CECI's core principles; S.T.E.M., accessing state of the art pedagogies, featuring Internships, and Apprenticeships as a platform entrenched in supporting studies in "Innovation Technology".

The CECI S.T.E.M Institute is not a rigid model, and this histology describes the variations in CECI's implementation across 5 years.

Finally, this accounting documents outcomes such as attendance, grade-to-grade progression and graduation rates, student performance on assessments, and college credit accrual.

A tribute graciously endorsed by the Late Honorable Senator Jackie Vaughn, Michigan House of Representative, the Late Daisy Elliot, Michigan House of Representative, the Late David S. Homes, Michigan House of Representative, the Late Honorable Wade Mc Gree, the Late Honorable George Crocket, MI Circuit Courts, the Late Dorothy Height, the Late Erma Henderdon, Mayor Lindsey Porter.

Impactful are the contributions of former Michigan Governors;

- The Honorable Jennifer Granholm
- The Honorable James Blanchard, and
- The Honorable John Engler

The contributions of Congressional Representatives'

- The Honorable Carolyn Kilpatrick
- The Honorable John Conyers
- The Honorable Charles Diggs
- The Honorable John Lewis
- The Honorable Bobby Scott
- The Honorable Andy Levin
- The Honorable George Crocket

Medical Professionals

- Julius Combs, MD
- Charles Vincent, MD
- Larry H. Reid, DO
- Richard S. Fine, MD
- Robert Willis, MD
- Ale Ibe, MD
- Kaustubh Yadadk, MD

Making significant contributions to empower the Vision of God's Dream.

O'Neil D. Swanson,DD, PhD, Samuel White, DD, Robert Moss, DD, UAW Marc Stepp, Joseph E. Lowery, Benjamin Hooks, DD, Nicholas Hood Sr., DD, James Wadsworth,DD, Reverend C. L. Franklin, DD, Deputy Mayor Ed Vaughn, and The Honorable Adam Shakoor. JD, The Honorable John Peoples.

To God Be The Glory!

The CECI S.T.E.M Institute is not a rigid model, and this histology describes the variations in CECI's implementation across a period of 5 years.

Finally, this accounting documents outcomes such as attendance, grade-to-grade progression and graduation rates, student performance on assessments, and college credit accrual.

The Board of Trustees, The National Ministry Of Education; St. Augustine's Institutes recognize the Caroline Education Community, and its syndicated International Private School Academy as a tribute.

Acknowledging the educational contributions and achievements of the Honorable Congresswoman, Carolyn Cheeks Kilpatrick.

All is well, as the Legacy of "The First Rosa (The *Other Rosa, Dr. Rosa J. Young*)", and "Emma" (*Erma Bolton, Teacher, Bolton Plantation, Memphis TN, Mother of Carrie White-Moy, Daughter of Wade Bolton*) is sealed.

In the midst of the United States of America Presidential Declaration of a National Disaster; COVID-19, in the Year of Our Lord, 2020, empowered by Authorization of the United States Department of Defense, *the Vision 37-Years deferred* ~

The University St. Augustine's (USA)

Its Authority, now extended across the United States of America, and Internationally accessing 5-G Technologies empowering 100 communities with the establishment of the "Innovation Technology Consortia" (ITC).

To The Glory of God's Dream 

S.T.E.M. & LITERACY INSTITUTES

Thereby, creating an environment that advocates a “renewed mindset of citizens within a community”, and the generation of the future society.

Thus, a population shall be prepared with the capacity to transition into a *career as opposed to a job*. While empowered with technological skill sets conducive to a “Gig Economy” with attributes enabling social accessibility, featuring entry level professional careers skill-sets. ~*~

A Planned Transition

The “Innovation Technology Consortium” that Carolina Early College, an USA affiliated Faculty, advocates is committed to the academic preparation of Citizens of a population, traditionally suppressed, oppressed, disenfranchised, under education, uneducation, and miseducation.

Essentially, Carolina’s Early College advocates the establishment of Regional Technology HUB’s that shall become known as the “Innovation Technology Consortium”(ITC):

The ITC comprises “Intellectual Capital ” that has the capacity to prepare our Children that have the capacity to benefit with social accessibility in the future of a “Gig Economy”.

Regional Technology Innovation HUBs established within Regional School Districts Nationwide shall endeavor to compete with the “China Edge” in consideration of advances in technology featuring Digital Equity Solutions.

As the “Microchips Act is a significant factor, and serves as an effective means for distribution of instruction digitally on a global scale in many across multiple academic disciplines. .
